

"I'll Fight" - Daughtry

I wanna see you run
Anywhere you want
Never let the darkness hold you back
No fear of getting lost
I wanna see you fly
Way beyond the sun
Anything you ever gonna dream
I pray that it will come

Chorus:

But if you ever fall down
Straight to the bottom
And you can't get
Back to where you started
Any place, any time
You gotta know for you
I'll fight

Where you wanna go?
I'd love to take you there
Wish that I could make the road easy
I wish that life was fair
Don't wanna see you cry
Even when it rains
And I hope you don't forget this
You were born for better things

Chorus

With no strength to stand
I'm gonna reach for your hand
When the going gets rough
Right when it's hurtin'
I will be there to help
Bear the burden
Any time, any place
You gotta know for you I'll fight
Any place, any time
You gotta know for you
I'll fight

Anywhere you go
You're gonna find me

No matter what you need
Chorus

Any place, any time
You gotta know for you
I'll fight

"The World We Knew" - Daughtry

Another year goes by
Speeding as I drive
Felt like I would live this life
I knew forever
I didn't see it change
But I know it's not the same
I'd bring it back if I could
But I know I'm not that clever

Life's so short
And it goes by fast
And we can't get it back

The world we knew
It was so simple then
Me and you
Thought it would never end
Oh what I wouldn't do
To get back to
The world we knew

Another year goes
Songs can bring you back
Yeah, I remember that
Nothing wrong the days were long
And the sun warmer
Life's so short
And it goes by fast
We'll never get it back

I remember nights baby, you and I
Taking what we were given
And I remember days dancing in
the rain

That's what I call living
Not a worry, not a care
Everything was different, but
We're still here
In the world we knew
It was so simple then
Me and you
It was so simple then

The world we knew (x3)

"18 Years" - Daughtry

Sat down with an old
friend
Like time had never
stopped
From the cradle to the
coffin
We drank until we drop
Yeah, we grew up on the
same street
A small town under the
hill, yeah
But dreams get lost and
buried down
Deep inside the soil there,
yeah

Refrain
All day all night
Keep pressing rewind
All day all night
I remember
(x1)

18
YEARS

Chorus

We were young, we were
wild
We were halfway free
We were kids on the run
On a dead-end street
Looking back in the rear
view mirror
You know the view used to
be much clearer
But we'll laugh and we'll
cry
Till there's no more tears
And tonight can we just
hold on to those 18 years
18 years

Some ran down the highway
To chase away their ghosts
Some are frozen in the same
place

This time inside their bones
Remember throwing TVs off
the overpass onto the
tracks, yeah
But the trains roll on
through the small town and
never looked back, yeah

Refrain (x2)
Chorus

And tonight can we just hold
on to those 18 years
18 years

Yeah, we just hold on (x3)

"Traitor" by Daughtry

I'm not a criminal
I'm not the villain
Yeah this is personal

A drive-by killing
Your guns are loaded
And your lies are the bullets
So here is the trigger
Go ahead and pull it now

Are you sure you wanna play this game?
Are you sure you wanna play it?

Chorus:
The only thing worse than a hater
The only thing worse than a hater
Is a traitor
A traitor
A traitor
You put a knife out in my back
Killed any history we had and now it's
war
War

You were just like the weather
And we had each other
We were down for the good times
We were live for the trouble
Like a thief in the night
Robbed daylight
You stole my sanity, and now
You are the enemy, yeah

Are you sure you wanna play this game?
Are you sure you wanna play it?

Chorus

I still feel sorry for you
(Oh oh)
Watching you drown in your denial
(Oh oh)
But I can't feel sorry for you
(Oh oh)
Watching you trying to show the traitor

Chorus (x2)

"Want U Back" - Cher Lloyd

Hey, boy you never had much game
Thought I needed to upgrade
So I went and walked away, way, way
Now, I see you've been hanging out
With that other girl in town
Looking like a pair of clowns, clowns,
clowns

Chorus 1:
Remember all the things that you and I
did first?
And now you're doing them with her
Remember all the things that you and I
did first?
You got me, got me like this
And now you're taking her to every
restaurant
And everywhere we went, come on!
And now you're taking her to every
restaurant
You got me, got me like this

Chorus 2:
Boy you can say anything you want
I don't give a shh, no one else can have
ya
I want you back
I want you back
Wa-want you, want you back

I broke it off thinking you'd be cryin'
Now I feel like shh looking at you flyin'
I want you back
I want you back
Wa-want you, want you back

Please, this ain't even jealousy
She ain't got a thing on me
Tryin' to rock them ugly jeans, jeans,
jeans
You clearly didn't think this through
If what I've been told is true
You'll be crawling back like boo hoo hoo

Chorus 1
Chorus 2
Ooh, I thought you'd still be mine
When I kissed you goodbye uh oh uh oh
Ooh, and you might be with her
But I still had you first uh oh uh oh
(Let's go! astro!)

We used to be, but now there's a
separation between you and me
Baby I'm moving on to another girl that
understands me more
Dated her in front your place so you can
see it all
I remember the times, when we used to
bond
But I never realized that you wanted to
be mine
So I gave her the ring, instead of you,
nickname too
I can tell you're upset, because it ain't
you
Met a new girl, and I gave her my heart
Not noticing that you wanted me from
the very start
You want me back?
We can just be friends, or try this thing
all over again c'mon

Chorus 2
Boy you can say anything you want
I don't give a shh, no one else can have
ya
I want you back
I want you back
Wa-want you, want you back

I broke it off thinking you'd be cryin'
Now I feel like shh looking at you flyin'
I want you back
I want you back
Wa-want you, want you back (x3)

Does it sound like a helicopter?

“Life on the Moon” - David Cook

Here in this crowd I'm feeling all alone
Turn me around and point me back to home
I'm getting lost more everyday
And I can't tear myself away
From the stars in my eyes with no light

Chorus:

Here are my terms, have some faith in me
And I'll let you be who you need to be
Life on the moon, could it be any stranger?
Life on the moon, wouldn't feel as far away?
The life that I knew is through
And I'm gonna need you more than ever
I'm alone in this crowded room
It's like life on the moon

Flown off the ground my head's up in the air
Self conscious to a fault with other people
everywhere
It's getting harder every night, to take the
punches left and right
Just to know that you are here by my side

Chorus

Getting lost in my own atmosphere
Stars in the sky all the stars in my eyes
Is the cost of getting out of here alive
Life on the moon
The life that I knew
It's through
And I'm gonna need you more than ever
I'm alone in this crowded room
It's like life on the moon.
Life on the moon.

“Broken Arrows” - Daughtry

Hey
Show me one man that's never made
mistakes
Mmh
And I pay
All of my time and every dime I may
But today

Chorus:

The best of intentions
I lay at your feet
And I need you to see past the worst
part of me
I'm tired of taking my aim
When I keep on missing
There's gotta be a better way
Gotta be a better way

And every little word I say
Keeps getting twisted
Or coming out wrong, so baby hold on
I'm tryin' to hit the mark but I'm
shooting with broken
Arrows
It's like I'm shooting with broken
Arrows
No

I may not be the same but I've got a
heart of gold
Yeah
Oh, like a telephone
Connection ain't clear, but I hope you
hear soul
You gotta know

Yeah, (Chorus)

Reprise:

Seems like every little word I
say
Keeps getting twisted
Or coming out wrong, so baby
hold on
I'm tryin' to hit the mark
But I'm shooting with broken
Arrows
It's like I'm shooting with broken
Arrows (x3)
Broken arrows

I'm driving it back now
And the target is you
And I dunno what else I can do
oh
I'm tired of taking my aim
When I keep on missing
There's gotta be a better way
There's gotta be a better way

Reprise

Stronger and Clearer Protocol

1. Answer the question, just like you normally would.
2. Share your answer with your first partner. Together, identify unclear parts of your answers. Ask questions to clarify what you mean. Write down the new information.
3. Repeat with partners two and three.
4. Return to your seat. Write a new answer to the original question, using the information you've written down.

Question: Which song **best** fits *That Was Then, This is Now*?

Your job as a partner is to ask good questions. You are trying to help your partner make his/her answer more clear. Some question ideas include (but are not limited to):

- Why do you think?
- What is some evidence that shows...?
- What is a quote that supports your claim?
- Why does ____ *best* fit?
- What makes _____ the best fit?
- How are your pieces of evidence connected?
- What's similar about ...?

What's significant or important about ...?
